

## **Call for Volunteers!**

### **Engineer**

Are you a Registered Professional Engineer who is interested in helping to shape the community you live in and leave a lasting legacy?

The District of North Vancouver is looking for a Professional Engineer (registered in BC), who resides on the North Shore to sit on the Advisory Design Panel (ADP). ADP is responsible for reviewing development applications and public projects against urban design objectives and advising Council and municipal staff on the design of projects, including site layout, exterior design, building materials, landscape design, and accessibility.

The panel is comprised of 11 volunteers who are experts in their fields and each represent aspects of the construction industry

The role of the Engineer is to assist in identifying construction, code, or design issues that may impact the building form, the urban design and landscape design and public realm.

The ideal volunteer will be a registered professional engineer specializing in the construction industry be it as a code consultant, structural engineer or transportation engineer. Experience with a mix of development types including larger scale residential and commercial projects is desirable, along with the ability to provide clear and concise feedback, and an intimate knowledge of the North Shore.

The Panel meets approximately once a month on the evening of the second Thursday of the month. Regular attendance is required.

If you are interested in volunteering for this position, or would like to be considered for future volunteer opportunities on the panel, please send your resume to Ms. Tamsin Guppy at the District of North Vancouver, [guppyt@dnv.org](mailto:guppyt@dnv.org).

For more information on the Advisory Design Panel, please visit [www.dnv.org/our-government/advisory-design-panel](http://www.dnv.org/our-government/advisory-design-panel)
